Nursery News Spring 1

Learning in Nursery

This term is going to be a very exciting one, with many different activities taking place throughout.

This week, we have focussed on friendship in nursery. We have made a friendship board using our handprints, and created our own friendship bracelets.

Next week, our learning will be focussed around nature. This will involve a nature walk around the playground, talking about what we have seen and planting seeds so we can watch them grow throughout the year.

This learning will flow into the following week, where we will be looking closely at different environments and using clues to work out which animals could live in each habitat.

Over the next couple of weeks we will also focus on writing. We will be learning how to write familiar numbers and some letters from our names.

Learning in nursery is child-led and based around what the children are interested in. Please complete the child interest sheets which are sent home, in order to help us plan activities that your child will find engaging.

Welcome Back!

Staff in nursery would like to say a big 'welcome back' to all the children and parents after the Christmas holidays. We hope you all had a great break and are looking forward to the exciting term ahead!

We need your help!

Phonics next week will focus on the letter 'a'. At home, could you please help your child to try and spot any objects around your house that start with the letter 'a', ready for Monday.

Reminders...

Please ensure your child brings a spare change of clothes to keep at nursery.

If you have any concerns at all about your child, or any questions about our nursery, please do speak to a member of the nursery staff. We believe in working together and are always happy to help with any queries.

Please Note - there will be a teacher training day on Friday 12th February 2016
