

★ YEAR 5 ★ SUMMER ★ NEWSLETTER 2016

CASTLE ATTACK

This term we will be busy learning about life in medieval times and will be finding out about some famous, historical battles. We will look at how and why castles were made and with a bit of luck, we might actually get to visit one!

HOMEWORK

Throughout the term there will be a variety of work to complete at home. This will include: weekly maths flipped homework (which needs to be completed in time for Monday's lesson), reading (books/RM Books) and any NICER work that needs to be finished or developed further. Please ensure that work is completed when laptops go home. If work is not completed, laptops will remain in school and children will need to complete work during break or the lunch hour.

SUMMER TERM UNITS

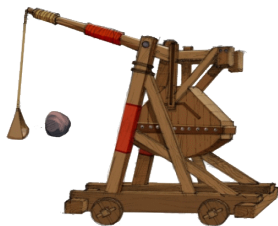

English

- ✓ Newspapers
- ✓ Play Scripts
- ✓ Adventure Stories

Maths

- ✓ Fractions, decimals and percentages
- ✓ Measures
- ✓ Multi step word problems

- Summer holiday - 22.07.16

ATTENDANCE

Please ensure that your child is in school every day to help us reach the school target of 96.1%. If appointments are made, please make sure that your child is registered in school beforehand.

HELPING YOUR CHILD AT HOME

Remember to use the range of useful websites available. Keep up to date with any homework tasks as well as practising and developing basic skills in reading, spelling and x tables. Make sure your child shows you what they have been doing!
