# English as an Additional Language (EAL) Policy

## Introduction

At Victoria Park Primary Academy the teaching and learning, achievements, attitudes and well-being of all our children are important. We encourage all our children to achieve the highest possible standards. We do this through taking account of each child's life experiences and needs. A number of our children have particular learning and assessment requirements, which are linked to their progress in learning English as an additional language. Children who are learning English as an additional language have skills and knowledge about language similar to monolingual English-speaking children. Their ability to participate in the full curriculum may be in advance of their communicative skills in English.

## What is EAL?

English as an Additional Language (EAL) includes both English as a second language and English as a foreign language – it is for pupils spending a short time in Britain, and for those who have settled here permanently. EAL is the study of English by students who already speak at least one other language or who come from a home in which a language other than English is used. Learning and communicating in our society is dependent on competence in English.

We are proactive in removing barriers that stand in the way of our E.A.L. pupils learning and success. We do this by meeting our responsibilities to our E.A.L. pupils ensuring they have equal access to the curriculum (and other educational opportunities) and the achievement of their educational potential and by providing our E.A.L. pupils with a safe, welcoming, nurturing environment where they are accepted, valued and encouraged to participate. We promote the principles of fairness and justice for all through the education that we provide in our school ensuring EAL pupils receive opportunities for educational success that equals that of English speaking pupils.

## Induction and Welcome to children with EAL.

### The school will:

1. Arrange a meeting with parents/carers to gather a range of information e.g. languages used in the home, previous schooling, and exposure to English. Where possible, invite an interpreter to attend if parents/carers do not speak English.
2. Ask parents/carers to bring in any reports, school text and exercise books from the pupil's previous school.
3. Give introductory information to parents/carers about the school including:
  - Information about the English school system
  - A plan of the school
  - An outline of the school day.
  - The homework system and how to support their child at home.
  - Calendar of term dates.
  - Name of person to contact to get information about their child's work and progress and if they have any concerns.
  - Uniform requirements.
  - Lunch arrangements and a sample lunch menu including information of benefits such as free school meals.

*(All of the above should be as visual as possible and translated if necessary/possible)*

4. Update staff who come into regular contact with the child (Teacher, TA, Year group members etc.) any specific information which may support teaching and learning.
5. Establish a buddy system so that child has a 'go to' child for support.

### Induction schedule for new arrival children who are new to English.

1. First day assessment (Casual) – TA to conduct a casual observation of child's first day to help inform EAL team and class teachers of what support is needed. (see Appendix 1)
2. From this casual assessment an 8 week New to English induction programme is to be given to class teacher to use as an intervention tool.
3. After 2 week assessment (Formal): EAL team to conduct Mother Tongue assessments. Report given to class teacher which gives more detailed information on cognitive ability in mother tongue/home language.

From September 2016, schools will need to assess each EAL pupil's "proficiency level" using a new five-point scale (see box below). After the formal assessments have been completed, any new to English child who enters Victoria Park will be assessed on this five-point scale and given a proficiency level which will be held on our Management Information System (SIMS)

## **TEACHING AND LEARNING STYLE**

In our school, teachers take actions to help children who are learning English as an Additional Language by various means. These include;

### ***Developing their spoken and written English by:***

1. Ensuring that vocabulary work covers the technical as well as the everyday meaning of key words, metaphors and idioms.
2. Explaining how speaking and writing in English are structured for different purposes across a range of subjects.
3. Providing a range of reading materials that highlight the different ways in which English is used.
4. Ensuring that there are effective opportunities for talking and that talking is used to support writing -Encouraging children to transfer their knowledge, skills and understanding of one language to another.
5. Building on children's experiences of language at home and in the wider community, so that their developing uses of English and other languages support one another.

### ***Ensuring access to the curriculum and to assessment by:***

1. Using accessible texts and materials that suit children's ages and levels of learning.
2. Providing support through ICT, video or audio materials, dictionaries and translators, visual support materials, readers and amanuenses.
3. Using the home or first language where appropriate.
4. Providing bilingual support to enable children to access the curriculum, learn basic classroom routines and to continue children's language development in their first language.
5. Teaching Assistant support which allows children to work in smaller groups and increases opportunities for modelling language structures and for conversations between adults and children.
6. Additional support to target groups of children who are operating at a level or more behind that which would be expected for their age/time in school.

### **Curriculum Access**

All children in our school follow the curricular requirements of the Foundation Stage and the National Curriculum. Where possible children receive support from Class teachers, Teaching Assistants and EAL support team within classrooms. However, some withdrawal support for EAL may take place. This support is clearly linked to the National Curriculum and reviewed regularly. The support may be used to address a particular language or learning focus.

These may include:

- Preparation sessions with the pupil before teaching input, for example before a whole class session.
- Sessions following up a whole class or group session to reinforce key language and concepts.
- Small group support from the EAL support team.
- Small group intervention sessions (EAL support team)

The Foundation Stage helps children learning English as an additional language by:

1. Building on children's experiences of language at home and in the wider community, so that their developing uses of English and of other languages support one another.
2. Providing a range of opportunities for children to engage in speaking and listening activities in English with peers and adults.
3. Providing bilingual support to extend vocabulary.
4. Providing a variety of writing in the children's home languages as well as in English.
5. Providing opportunities for children to hear their home languages as well as English.
