

Victoria Park Primary Academy

Head of School

Required from September 2019 or sooner

Victoria Park Primary Academy is the lead school within Victoria Academies Trust. It is an expanding primary school in Smethwick catering for children from a wide variety of ethnicities and backgrounds. Victoria Academies is an established multi-academy trust created on 1st January 2014. It began as a single academy and is named after the founder school, Victoria Park in Smethwick. It became the first primary school in the local authority (Sandwell) to convert to an academy in April 2012. Almost two years later it became the lead school and sponsor within Victoria Academies Trust.

Victoria Academies have a proven track record for transforming schools, regardless of where they are on their improvement journey. At any one time, typically half of our schools will have been in special measures at some point. Our sponsor academy, Victoria Park, was shortlisted for TES School of the Year having previously gone from special measures to outstanding in exactly 1,000 days. We have a unique understanding therefore of the challenges that schools and their communities face when transforming the life chances of our families.

The school will offer an innovative and engaging curriculum that meets the needs of local children and is based around the NICER curriculum which is used in many of the Trust schools, where performance in reading, writing and maths is well above the national and regional average.
