THE BIG ADVENTURE

Our trip to the Tramway Museum

“

We learned how trams work and we were able to discuss how trams could be sustainable methods of transport. We focused our challenge on running a tram line through Smethwick and how sustainable this would be. This research and Challenge pack work took us up until the end of the first half term – we were pleased as we reached our goal!
By Ameena Ali Class 6PA

“

It was exciting, as one of the Year 5 teachers – Mr Waldron, is a part time tram driver. We saw him driving a tram. We had a lot of fun at the museum. There was a gift shop and an old fashioned sweet shop, which was situated next to an ice cream parlour. I was able to have an ice cream which was really yummy! I had a GREAT time and I would certainly go again!
By Sebastian Harris class 5CU

“

...soon, it was time for us to visit the museum. It was filled with intriguing exhibits and a number of very old fashioned trams. Later, once we had explored a little further, my class and I explored the traditional sweet and gift shops. Sadly, it was soon time to go home and we boarded the bus back to school with heavy hearts. Personally, I think this trip was a very entertaining experience and one I will never forget!
By Amna Jameel

“

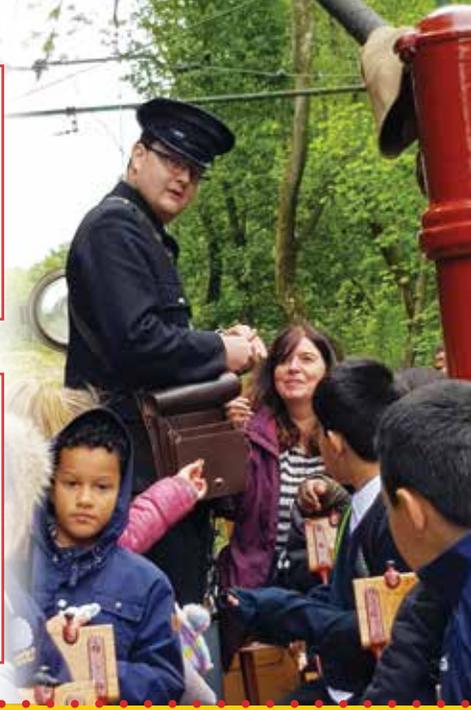

There were a lot of interesting things to see and do. The village looked like it did in period times. We visited the Exhibition Hall, the old sweet shop and ice cream parlour. We walked past the Red Lion pub and we ate our lunch in the grounds of the bandstand. It was really exciting to ride the mile long journey on a real tram. The gift shop sold lots of old and new merchandise related to the museum.
By Aamna Noor Class 5CU

“

...we saw a variety of trams and we walked along a main street which was very old fashioned. We visited an old style sweet shop and brought items from the traditional gift shop. Some people brought ice creams from the ice cream parlour. At lunch time, we sat for a picnic in the Victoria Gardens area, nearby was a play park for some of the younger year groups. The best part of the day, was actually having a ride on a tram. We paid our fare using old pennies which we exchanged for an old fashioned tram ticket.
By Chylah Martell Class 5CU

“

The Big Adventure this year was stupendous! Our Challenge Pack research was to create a sustainable tram, to go through Smethwick. This linked in with our Big adventure visit to Crich Tramway Village Museum! ... we made our way to the museum which was home to many trams, which had been driven for years but were now on show so that people could view them and the information which was provided, explaining how they used to work and where they were from....
By Halima Naseem Class 6PA

“

This visit was a Big Adventure indeed! We travelled to Crich Tramway Village Museum, which can be found in Derbyshire, the journey was very long. It seemed like an eternity before we got there, but eventually we did! All around us was majestic scenery - the beautiful Crich countryside was such a sight to see. Laiba Hussain

HELLO! from our new team members:

I wanted to see what it was like to interview people around school and record all the interesting things we do throughout the year. I work hard and I wanted to share with other team members, who work just as hard! I feel amazing now that I am on the team because I get the opportunity to have an input into the magazines and show others my writing skills. Thank you Mrs Peart and Miss Akhtar for giving me this opportunity.

Amritjot Bajwa Class 5CU

I wanted to be in VP Zine because I want to be able to show adults and children that other children can produce an excellent school magazine. We can show anyone who reads our articles that we can do it! I have a fun personality and I know when I need to be focused and sensible. I work hard and I have a bank of knowledge which I am willing to share. I hope to make the magazines, this year, better to read than past ones!

Sebastian Harris Class 5CU

I wanted to join VP Zine as I feel like being with the team will help to motivate me more and get me working. I'm sure it will help me during Year 6 in my English work. I feel really happy for actually making the team and I also feel ready to work. I want to be able to start to 'spice up' the VP magazines and maybe create some that have more illustrations for our younger readers, this will make it easier for them to understand and will be way more fun.

Ameena Ali Class 6AP

I wanted to become a VP Zine team member because I felt it would help to improve my confidence while I am interviewing people. I was thrilled when I was chosen to be on the team because I really wanted to be a part of the interviewing process.

I especially looked forward to interviewing younger children in our school. In addition to that, I wanted to write articles about my various experiences in and around school. I can offer the team a number of skills: my writing skills, art skills and I can bring interesting ideas to the team.

Amna Jameel Class 6PA

I wanted to be a VP Zine team member because I will be able to show my talent in writing, as well as helping to improve my existing writing skills. This club will really benefit me, as it could help me to improve my thoughts and ideas for when I'm writing my portfolio work in Year 6. I feel happy that I am on the team, as I get to write my own magazine articles and recounts. Interviewing others will be interesting too!

I can help write magazine articles and bring detailed ideas to the team, as well as make the magazines look more interesting to read.

Halima Class 6PA

I wanted to be a part of VP Zine because my family members always say that I am going to be a news reporter or a newspaper reporter when I'm older. I thought that being a part of our school magazine (VP Zine) would be a good start. Also, I am really competent using computers. I feel great that I was chosen to be a part of the team, because this will give me a great chance to improve all of my newspaper reporting skills, which will help me in the future. I can bring/offer skills. I will build on my English skills and I look forward to helping to create quizzes for the magazine - I love making up word searches!

Khyanna Grey

I wanted to be in VP Zine because I feel I would be a GREAT asset to the team. I will make sure that I complete my tasks on time, I am a hard worker and I look forward to meeting each week to work on producing a fabulous edition for teachers, pupils and family members to read. I'm looking forward to working with my friends and having fun at the same time.

When I heard that I had a place on the team, I felt amazed as I will be able to show my work to the whole school. Thank you to Mrs Peart and Miss Akhtar for choosing me - I really appreciate it.

Chylah Martell - Class 5CU

My brother, Daanish, was in VP Zine when he was in Years 5 & 6 - I wanted to join the team so that I could see what he used to do back then.
