

Year 6 Summer Home Learning Activities

Maths

Choose a maths topic of your choice and create a revision booklet.

Science – Bugs Count

Create a classification key to identify bugs in your local area.

Transition – Wellbeing

Moving to secondary school can be challenging. Create a list of wellbeing activities that you could do to help you feel happy.

Transition – Thinking Ahead

As you move into Year 7, it's time to think towards the future. What are your hopes for the future? How can you achieve these?

Ballot Street

An activity of your choice linked to the challenge pack.

English

Based on Kensuke's Kingdom, write a set of instructions of how to survive on a desert island.

DT – Product Design

Create and design a food product that includes the culture and heritage of the local community of Smethwick.

Writing – Persuasive letter

Write a persuasive letter convincing Mr Reed that Year 6 pupils should have an inflatables day to celebrate the end of Year 6.

Art

Design a poster inviting parents to watch our end of year production.
